PROFESSIONAL SUMMARY :

3D Artist, Animator, Product Visualization Specialist, and 3D Faculty with over 1 year of freelance experience and teaching exposure at Arena Animation. Skilled in Blender, Unreal Engine, and ZBrush, along with anime-style character creation and product rendering.

I am currently developing an original anime series titled *"The Secret of the Voidborn,"* handling 3D character modeling, world-building, scriptwriting, and cinematic animation. I have delivered high-quality advertising visuals for global brands while mentoring students in professional 3D workflows.

CORE COMPETENCIES
